Treasury Department

Numbers people, this one's for you. The General Treasurer and team keep the council's finances in check — reviewing purchases, reimbursements, subsidies, and approving the budgets and invoices that make everything else possible.

If you're detail-oriented, trustworthy with money, and want real hands-on exposure to how a student organization actually runs financially, Treasury's got your seat waiting. Come be the reason every great idea in council actually gets funded.

Secretary Department

The department holding the whole council together. The General Secretary keeps records straight, plans internal events and handles Student Hub bookings and all the SUSC email queries.

General Meetings

The heartbeat of the council — keeping everyone aligned, updated, and on the same page.

Internal Bondings

Because a council that vibes together, works together. Just good times and stronger friendships within the team.

If you're organized, dependable, and want to be right at the center of how the council operates, Secretary is your department. Come help keep SUSC running like clockwork, one detail at a time.
